

A woman and a man are silhouetted against a bright, hazy sunset sky. They stand on a rocky mountain peak, looking out over a vast mountain range. The woman on the left holds a climbing tool, and the man on the right holds a pickaxe. The scene is framed by a dark background with white topographic contour lines.

SHERWOOD HOCKEY

2023

REKKERファミリーは、得点を積み上げていく選手たちのために設計されています。ゴールキーパーを素早く出し抜き、予期せぬ瞬間に放たれるシュートでそのシーンを支配する選手のためデザインされています。スピードと精度に重点を置き、素早さ、トリックスター的な動き、解剖学的なシャフトの形状がREKKERの特徴です。真のレジェンドは、限界まで挑戦し続けます。それは常に上を目指していく上で、曲がりくねり、新しい挑戦は常に目標に向かってレベルアップする機会となります。レジェンドシリーズのシャフトに描かれたグラフィックは現実の地図です。地形図のラインから着想を得たREKKERレジェンドのヒーローデザイン要素であり、非対称のシャフト形状に合わせた凹凸は、フォームと機能の両方を兼ね備えており、凹凸のあるシャフトを握る手にフィットし、パックハンドリングを向上させます。

自分自身の伝説を築くことは、絶え間ない追求です。エリート選手にとっての目標です。レジェンドとして認められるためには、最高の成績を収めることが求められます。その時レジェンドは形作られません。初めからレジェンドとして生まれることはできません。それを手に入れるために努力し、そして手に入れます。変化し、アップダウンがあり、最終的にはそこにたどり着くための道を進むことがレジェンドになることです。到達する目的地に焦点を当ててではなく、その旅を楽しむことが重要です。

The REKKER family was designed for those who fill the scoresheet. The player who reigns over goalies with lightning quick hands and a release you'll never expect until it's too late. Rooted around quickness, deception and an anatomical shape, the REKKER line is built for speed and precision.

A true legend is pushed to their limit—to a place no one thought possible. A Legend twists and turns, constantly building upwards. Each new challenge is an opportunity to level up with the end goal never out of sight. A legend is also found on a map—the only constant, inspiring the topographical lines as the hero design element for REKKER Legend. These lines speak to the stick's asymmetrical shaft shape and serves both form and function as the lines are raised, acting as a tactile grip for better puck handling.

Building your personal legend is an ongoing, never ending pursuit. It's the goal for any elite level athlete. To be a legend, to be the goat. A legend is shaped. You're not born a legend. You work for it. You earn in. It's fluid, it's got ups and downs and ultimately, it's the path you take to get there. It's about the journey, not the destination to reach Legend status.

SHAPE YOUR PATH.

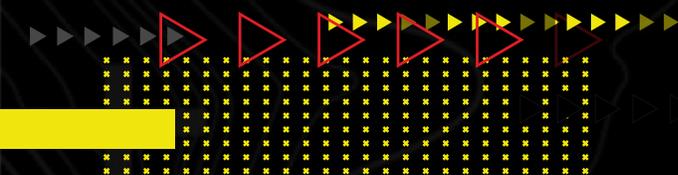

TOPOGRAPHIC LINES

シャフトに描かれた地形図のラインは、レジェンドの主要なデザイン要素です。これらのラインは、シャフトの解剖学的形状にも対応しながら、「地図」との類似点を描いています。木の輪郭に見られるような流れと形状に非常によく似ており、シャーウッドの伝統に基づいています。使用された地図は、シャーウッドの誕生地であるケベック州シャープブルックの地形図です。

その座標はスティックの裏側に表記されています。

非対称からなるシャフトの形状を強調するために、全体のシャフトに異なる色を使っています。REKKERレジェンドの黄色には蛍光添加剤が含まれており、暗闇で光ります。暗闇でも、その道は照らされます。

3Dのタクタイル仕上げは、標高の変化を模倣する技術であるトポグラフィックマップが施されています。

ERGOTAPER SHAFT

ETS

3つの異なる形状のシャフトバリエーションを備えた、新しいシャフト寸法。

アッパーシャフトのメリット

- ・角を丸めたコーナーと凸型サイドウォールは手のひらにフィットし、最適な快適性とコントロールを実現します。
- ・エルゴノミックなミッドセクションにシームレスにブレンドします。

人間工学に基づいたミッドセクション形状のメリット

- ・エネルギー蓄積を最適に伝達
- ・凸型の後部は最適なX/Yフレックス比を駆動し、
- ・丸みを帯びたコーナーは、最大のボトムハンドの俊敏性とコントロールを提供します

オーバルテーパー（ボトム）のメリット

- ・最適なねじり剛性
- ・ミッドシャフトの形状にシームレスにブレンドされ、より高い強度を実現
- ・低キックプロファイル+最適化されたX/Yフレックス比を提供します。
- ・丸みを帯びたコーナーは、卓越した耐衝撃性をも提供します。

BLACKLINE CARBON FIBRE XXV

【BLACK LINE XXV】

1平方インチあたり2万5千本の繊維をシャーウッド独自の製法で編み込んだ、超強力で柔軟なカーボン繊維を作り出しています。

【パイロフィル】

三菱が作成した革新的な軽量カーボンファイバーを採用することにより、耐久性とフィーリングが大幅に向上

FEATHER LITE XT

【フェザーライトXTテクノロジー】

完璧なバランスポイントを作り出し、パワー、重量、感触を最大限に活用するための、精密な手作業による積層構造プロセス。

DUO-FIRE KICKPOINT

【デュオフィヤーキックポイント】

新しいERGO TAPER SHAFT形状は、2次的フレックスゾーンを備えたローキックポイントを特徴としています。

SECONDARY KICKPOINT

REKKER **LEGEND** PRO

Become a legend with the revolutionary Sherwood Rekker Legend Pro. Featuring an all new dual zone DuoFire kick point allowing players to load and fire shots like never before. The new Ergo Taper shaft shape allows the stick to sit in the player's hands more comfortably giving them better control for dangling past opponents. The VR92 Blade features I-92 dampening inlay that strengthens the blade and improving the feel for both tape to tape passes and shooting bar down. Blackline 25K carbon fibre weave enhances durability and Featherlite XT technology reduces unneeded weight in the blade and lower shaft to create the optimal balance point. For the elite goal scorer the Sherwood Rekker Legend Pro is here to help you light the lamp.

FLEX RATIO

$K_y \Rightarrow \frac{EJ}{L^3}$
 $K_x \Rightarrow \frac{EI}{L^3}$

CODEファミリーは、逆境に立ち向かうアスリートに訴えかけるために設計された。CODEは、タフなカラダとタフなチェックを合わせ持つプレーメーカー向けにデザインされた。

CODEスティックは、プレーメーカー能力の向上を目的とし、毎日のホッケーが楽しくなるパフォーマンスをイメージしデザイン。CODEスティックはあらゆるプレーを簡単に見せながらもちょっとした優越感を与えてくれるようにあなたをサポートする。CODE TMPを使えばその理由が見えてくるだろう。

CODE TMPのデザインのインスピレーションは、精密工学から得ている。速度の概念にも強く影響を受けた。エンジニアリング方程式のグラフィックはハイブリッドキックポイントのシャフト背面に施されている。

どんなスタイルのシュートの速度をも向上させ、スケーティングカットの機動性を高めトータルパフォーマンスを提供し、あらゆるシーンで優位に立てるデザイン。CODE TMPは、ゴール前やブルーライン上でも注目を浴びる。

Designed to disrupt, the CODE family was engineered to appeal to the outsiders—the athletes who want to express their personalities, who live to challenge the status quo. CODE is engineered for the player with tough skin and an even tougher check. You'll know when you're on the ice with a CODE athlete—they'll be the ones involved in every play, making you rethink putting on skates that night. In addition to their playmaking ability, the CODE athlete will be the player with the drip—giving you a little swag while making it look easy. Just when you think you've figured them out, they'll show you something you've never seen before, all while letting you know.

The inspiration behind the design of CODE TMP is one of precision engineering. The design itself is heavily inspired by the concept of velocity. Engineering equations on the spine, a bump graphic placed exactly where the hybrid kickpoint is. CODE TMP is engineered to give you an advantage in all scenarios—giving you more velocity on your shot, more mobility in your cuts, and versatility in your fit. CODE TMP turns heads on the shelf and on the blue line.

CODE IS FOR THE SPOTLIGHT.
PLAY LIKE EVERYONE IS
WATCHING.

CODE 2020のデザインは、スティックの前面の中央に配置された特大のロゴで特徴付けられていました。大きなSHERWOODワードマークはCODEファミリーを定義しています。この伝統を受け継ぎ、特大なワードマークをバックハンドの中央に配置し、両側の背面に沿ってラップ。

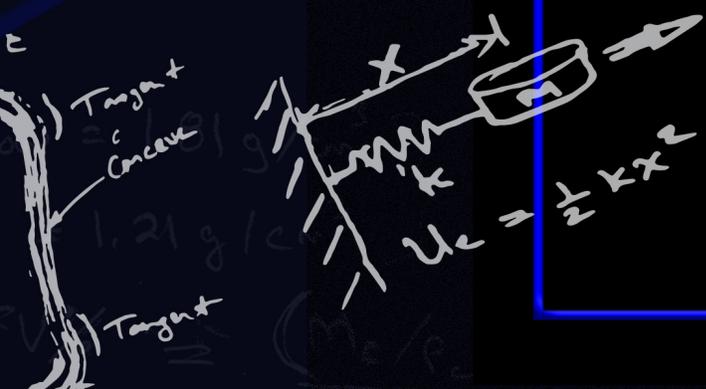

シャフトの4つの側面は、ランダムかつ継続的なテクスチャグリッパが施され、常に変化するテンポというアイデアを意識しデザインで表現している。

The CODE 2020 overall design was dominated by an XL wordmark centered on the front spine of the stick. A large SHERWOOD wordmark is what defines the CODE family. In 2022 we carried on this tradition, nudging the XL wordmark to the centre of the backhand, allowing it to wrap around to both spines.

From top to bottom is a seamless texture. Well, it started off as seamless and morphed into something a little different. The texture itself was generated using randomized lines with varying space and line weights. These lines were then adjusted to fan out from the top of the stick to the bottom. This is an abstract way illustrating the concept of tempo in gameplay. The lines have been chopped according to the 4 sides of a stick and strategically removed to further illustrate the idea of this texture being sporadic and randomized which in turn speaks to the idea of changing tempo. This pattern is different on RH and LH sticks to create more variety.

PRIMARY DESIGN PIECE 001- XL SHERWOOD WORDMARK

PLAYRITE

SHERWOOD
PLAYRITE

With four different sizing options, the stick lengths and flex levels fit youth players as they grow, enabling them to improve their shots and help them to enjoy the game.

IMPROVE YOUR SKILLS

Give your child the ability to learn how to properly load the stick and improve their shot and stick-handling skills at a young age.

ENJOY THE GAME

Hockey is a fun game and could be even more fun for your child with the proper gear tailored for young players!

FLEX YOUR STICK

A stick that a youth player can flex!

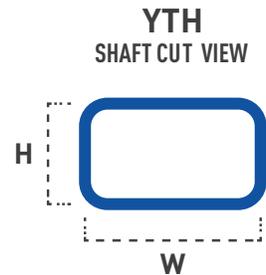

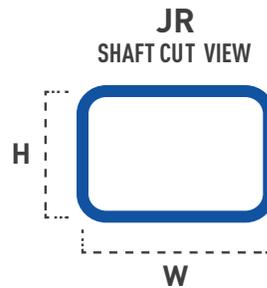

PLAY SAFE

Reduce the risk of injuries by using the proper stick length and flex.

SHAFT GEOMETRY

PLAYRITE 0 & 1 feature our youth geometry.
PLAYRITE 2 & 3 are built with a junior shaft size.

The shafts corners are more rounded than a senior stick to create better puck feel for small hands.

FLEXES

PLAYRITE 0 1 2 3

STICK SIZE CHART

The PLAYRITE system was designed to meet the needs of growing hockey players! Use the PLAYRITE chart to select the proper stick according to your child's height and weight.

PLAYRITE

0 | YTH44 | FLEX 15 | PP28

1 | YTH46 | FLEX 25 | PP28

2 | JR50 | FLEX 35 | PP28

3 | JR52 | FLEX 45 | PP28

The Playrite series has been engineered for the young player to go and wheel, snipe, and celly. Both the height and weight of the player will be the determining factors for which Playrite stick is right for them. The Playrite series has been recreated with an all new shaft construction so the stick fits comfortably in a growing player's hands. The Playrite series is perfect for the growing player looking to develop their skills.

Features

- Designed to maximize a young players grip strength, fit comfortably and help avoid unwanted rotation while passing or shooting.
- Length specific flex - specifically tuned for the optimum shaft flex depending on the players height.
- Age specific blade size and pattern to help improve puck control and shooting skills.
- Product Education for Parents - The Playrite series has been designed to match with a player's height and weight so parents can easily decide which stick is right for their young superstar.

COP-r29 *permanent anti-bacterial*

Anti-microbial liner that is scientifically proven to reduce bacteria and microbe causing odor.

Exceptional moisture management. High abrasion resistance for improved durability. Immediate "Game Ready" feel.

CIP

Customizable Impact Protection (CIP) provides the player with a customizable, adaptable fit, and protection level.

VICONIC VIP

Ultra-resilient material designed for repeat impacts.

REKKER **LEGEND** PRO

The Sherwood Rekker Legend Pro gloves have been created with the goal scorer in mind allowing you to use your silky mitts to dominate on the ice. The Viconic internal protection layer disperses impacts across the back of hand letting you focus on making the next big play. For a game ready feel from day one, the AX Suede palm gives players that butter-like feel, excellent moisture management and exceptional durability. The Customizable Impact Protection cuff (CIP) ensures that your wrists remain silky smooth as you dangle through the opposition. To get rid of any bacteria the gloves have the COP-r29 anti-microbial liner.

2DC DUAL DENSITY CAP

Blow molding and compression forming are used to form low and high density foams into a singular shoulder cap that provides protection for all levels of impact.

REKKER **LEGEND 1**

Legends aren't born; they're made. And Legends wouldn't be where they are without the right armour to protect them. The Sherwood REKKER Legend 1 anatomically fitting shoulder pads offer 360 protection and is infused with Cop-R29; an antimicrobial liner that fights against odours and bacteria. Viconic Impact Protection is placed in key impact areas in the collar bone and rib wrap, enabling you to keep battling in tight spaces. New Anatomically Isolated Zone (AIZ) protection enables players to move with ease while getting maximum protection.

SHERWOOD

ENGINEERED TO PROTECT.

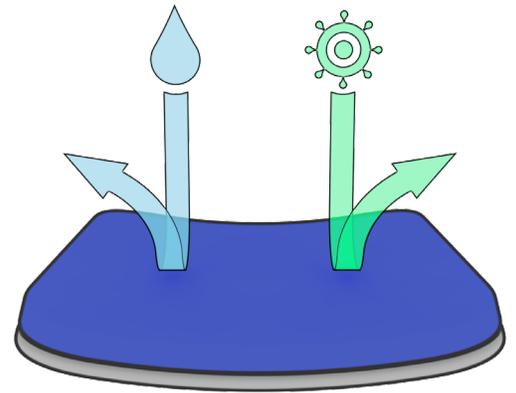

Viconic technology has led the military and vehicle impact markets for over a decade. Ultra resilient material designed for repeat impacts. Patented structure promotes airflow and movement without sacrificing protection.

COP-r29

permanent anti-bacterial

Anti-microbial liner is scientifically proven to reduce bacteria and microbe causing odor. Moisture wicking knit allows for quick drying. Copper particles embedded in fabric's yarn remain effective over the lifetime of the product.

AIZ ANATOMICAL ISOLATED ZONES

Anatomically Isolated Zone (AIZ) protection provides a combination of mobility and protection. Each zone enables players to move with ease while getting maximum protection. The zones maintain a level of protection while stretching to fit the players' anatomy and movements so you move as one.

REKKER

LEGEND

SHAPE YOUR PATH.

The REKKER family was designed for those who fill the scoresheet. The player who reigns over goalies with lightning quick hands and a release you'll never expect until it's too late. Rooted around quickness, deception and an anatomical shape, the REKKER line is built for speed and precision.

CODE TMP

CODE IS FOR THE SPOTLIGHT. PLAY LIKE EVERYONE IS WATCHING.

Designed to disrupt, the CODE family was engineered to appeal to the outsiders—the athletes who want to express their personalities, who live to challenge the status quo. CODE is engineered for the player with tough skin and an even tougher check. You'll know when you're on the ice with a CODE athlete—they'll be the ones involved in every play, making you rethink putting on skates that night. In addition to their playmaking ability, the CODE athlete will be the player with the drip—giving you a little swag while making it look easy. Just when you think you've figured them out, they'll show you something you've never seen before, all while letting you know.

CHEST: To determine your chest size, stand up straight with your arms by your sides. Wrap a tape measure under your armpits, around the largest part of your chest. The tape measure should wrap across your shoulder blades, and be comfortably snug against you. Chest measurements are shown in inches.

BUST: To determine your chest size, stand up straight with your arms by your sides. Wrap a tape measure under your armpits, around the largest part of your chest. The tape measure should wrap across your shoulder blades, and be comfortably snug against you. Chest measurements are shown in inches.

WAIST: To determine your waist size, find the top of your hip bone and the bottom of your ribs. Place the tape measure midway between these points and wrap it around your waist. Waist measurements are shown in inches.

HIP: To determine your hip size, measure the fullest part of your body, at the top of your leg, about 7 inches below your waist. Hip measurements are shown in inches.

SLEEVE: To determine your sleeve length, place one end of the measuring tape at the back base of your neck. Run the tape measuring tape over the shoulder, and let it hang down to their hand. Measure from the base of your neck to the centre of your palm. Sleeve length measurements are shown in inches.
